

LIGHTWEIGHT FOAM BOARD
VISCOM CARDFOAM

Product Information

VISCOM CARDFOAM

Certified for
HP Latex Inks

100%
PVC-free

Description:

The Stadur VISCOM CARDFOAM lightweight foam board consists of bright white poster paper face sheets (FSC® certified) on both sides. The light weight, coupled with a high inherent stability and an excellent price-performance ratio, serves as an alternative board material for advertising of all kinds, ceiling hangers and POS indoors.

Facings:

The poster paper has a homogeneous silk matt surface. The stable paper gloss and high whiteness provides intense, brilliant and high-contrast colors. The material is suitable for all common printing systems and various applications.

Properties:

- Very light weight
- Rigid
- High opacity
- High degree of whiteness
- Suitable for cutting and milling
- PVC-free
- Indoor applications

Thicknesses: 4.4 mm / 10 mm / 15 mm / 19 mm

* other thicknesses up to 100 mm are possible

Sizes: 1530 x 3050 mm / 2030 x 3050 mm

Special elements:

Other thicknesses up to 100 mm are also available as single sheets.
Other formats and fixed formats are available on request.

Weight:

Thickness	4.4 mm	10 mm	15 mm	19 mm
