

LIGHTWEIGHT FOAM BOARD
VISCOM EASYPRINT COLOR

Product Information

VISCOM EASYPRINT COLOR

Description:

The Stadur VISCOM EASYPRINT COLOR lightweight foam board, which is **100% PVC-free** consists of Stadurlon compact sheets in **black** on both sides, which are **made of 100% recycled material**. The technical properties correspond with those of the white version.

Facings:

Stadurlon is a high performance, PVC-free plastic material. The EASYPRINT surface technology guarantees optimum printing results without restrictions with digital printing. After milling (V-shaped groove) easily foldable by hand. After milling (slot groove) various geometrical shapes can be generated.

Properties:

- Low weight
- Rigid
- Suitable for indoor applications
- Dual sided and flush-mounted protective film
- Excellent scratch resistance
- Usable for cutting and milling
- PVC-free

Thicknesses: 5 mm / 10 mm / 15 mm / 19 mm

* other thicknesses up to 80 mm are possible

Sizes: 1530 x 3050 mm / 2030 x 3050 mm

Special elements:

Other thicknesses up to 80 mm are available also as single sheets. Other formats and fixed formats are available on request.

Weight:

Thickness	5 mm	10 mm	15 mm	19 mm
Weight kg/m ²	1.99	2.13	2.30	2.43

Further weights on request

Advantages at a Glance:

Low weight, rigid, very easy to handle, humidity resistant, dual sided and flush-mounted protective film, excellent scratch resistance, due to special surface technology guaranteeing for optimal and excellent printing results with direct digital printing, available until 2030 mm width, CNC milling, various geometrical shapes can be generated with slot-grooving, surface ready for painting

Areas of Application:

Digital printing, screen printing, photo mounting, PoS/PoP, signs for interior applications, display, exhibition design, shop fitting, shop design, event marketing, promotion campaigns, furniture design, column paneling
