

LIGHTWEIGHT FOAM BOARD
VISCOM SF BLACK

Product Information

VISCOM SF BLACK

Description:

The Stadur VISCOM SF BLACK lightweight foam board consists of a **black polystyrene core** and **PVC foam sheets in black** on both sides. Excellent for indoor use, especially when high rigidity and low weight are required. Additionally facings **can be combined** in black/white or in white on both sides.

Facings:

Consisting of PVC foam sheets in white with a protective foil. The surface is amongst others suitable for digital direct printing.

Properties:

- Low weight
- Rigid
- Suitable for indoor applications
- Usable for cutting and milling
- Dual sided and flush-mounted protective film
- Approved surface for digital printing

Thicknesses: 5 mm / 10 mm / 15 mm / 19 mm

* other thicknesses up to 50 mm are possible

Size: 2030 x 3050 mm

Special elements:

Other thicknesses up to 50 mm are also available as single sheets. Other formats and fixed formats are available on request.

Weight:

Thickness	5 mm	10 mm	15 mm	19 mm
Weight kg/m ²	1.53	1.67	1.84	1.97

Further weights on request

Advantages at a Glance:

Low weight, rigid, very easy to handle, suitable for indoor applications, weather resistant, humidity resistant, dual sided and flush-mounted protective film, excellent printing results with direct digital printing, available until 2030 mm width, CNC milling

Areas of Application:

Digital printing, screen printing, photo mounting, PoS/PoP, signs for interior applications, display, exhibition design, shop fitting, shop design, event marketing, promotion campaigns
